Committee for
Women in Mathematics

Since 2017, I became the ambassador of Lebanon at Committee for Women in Mathematics. (CWM)

Starting from January 2021, I became also the ambassador of UAE in this committee.

Thank you and Good Bye Carla

IN MEMORIAM OF CARLA PERI

Committee for
Women in Mathematics

CWM ambassadors

CWM has about **150 ambassadors** worldwide. Each of these contacts has the job of disseminating information such as CWM funding calls in her **mathematical neighbourhood**, and also of keeping CWM informed about activities or initiatives to be announced on the CWM website.

The screenshot shows the top portion of a website for COST Action MP1207. The header is dark brown with the COST logo on the left, which includes the text "cost" and "EUROPEAN COOPERATION IN SCIENCE & TECHNOLOGY". To the right of the logo are navigation links: "COST Actions", "Funding", "COST Academy", and "About", each with a downward arrow. Further right is a green button labeled "Open call" with the subtext "Fund your network". On the far right of the header are icons for search, user profile, and a menu. Below the header, the main content area has a reddish-brown background with a white geometric pattern of lines and circles. The main title "MP1207 - Enhanced X-ray Tomographic Reconstruction: Experiment, Modeling, and Algorithms" is centered in white. Below the title are two links: "Downloads" and "Team".

Also she was:

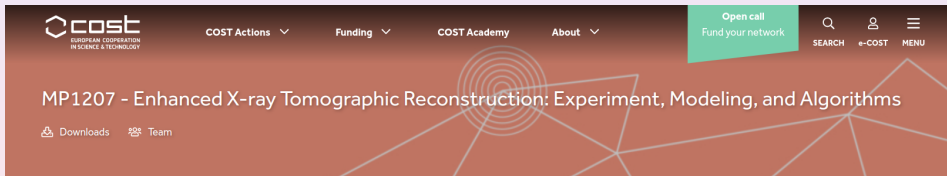

A member of the **Management Committee** of the **MPNS COST Action MP1207**

- The aim of this Action is to establish an active, interdisciplinary research network that bridges the gap between the experimental X-ray tomography community and the mathematical image reconstruction community.
- The goal is to develop the next generation of X-ray tomography techniques and algorithms for absorption, phase, diffraction, and fluorescence contrast imaging.

Also she was:

A member of the **Management Committee** of the **MPNS COST Action MP1207**

this committee supported some editions of **the Meeting on Tomography and Applications**.

Giovedì 13 gennaio si è spenta, dopo una lunga implacabile malattia, **Carla Peri**, socio fondatore dell'Associazione Amici della Rocca. Mente ispiratrice degli AdR dal 2013, ininterrottamente membro del Consiglio Direttivo e preziosa collaboratrice sino al 2019 quando la scoperta della malattia l'ha fisicamente allontanata, anche se ha continuato a far sentire in qualche modo la sua presenza sino al tragico epilogo. Docente universitaria di matematica, dapprima a Milano, successivamente a Piacenza, impegnata in ricerche anche in team internazionali, era una persona molto tenace e volitiva.

Ci ha prematuramente lasciati **Carla Peri**, dopo un lungo periodo di sofferenze e di dura lotta contro una inesorabile malattia.
