

TRAJECTORY AND GLOBAL ATTRACTORS FOR EVOLUTION EQUATIONS WITH MEMORY

V.V. CHEPYZHOV¹, S. GATTI², M. GRASSELLI³,
A. MIRANVILLE⁴, V. PATA³

ABSTRACT. Our aim in this note is to analyze the relation between two notions of attractors for the study of the long time behavior of equations with memory, namely the so-called past history approach and a more recent one based on the notion of a trajectory attractor.

2000 *Mathematics Subject Classification.* 35B41, 37L30, 45K05.

Key words and phrases. Equations with memory, trajectory attractors, global attractors.
